General and Revenue Secretariat

ML File No 77 of 1941/42 [App F III—2

D

Serial No

From The D C Hassan Dist
Letter no M/C 2997/40-41 Dt 6th Dec 1941

Recommends that a loan of Rs 7000/- may repayable in 7 annual instalments may be granted to the Sakleshpur Town Mnlty in order to enable the Mnlty to clear the dues on account of the water Supply scheme

Flag W 1) Kind ref is invited to Govt no L 7129 202/Mnl 8136 167 Dt 31 3 1938 Sanctioning the water Supply scheme at Sakleshpur Town at an estimated Cost of Rs 41126 the Cost being met by Govt and the local Mnlty in equal proportion

2) The actual outlay incurred on the work amounts to Rs 46,000/-, the municipal quota being half of this amount viz Rs 23000/- out of which a sum of Rs 16000 has so far been paid & balance of Rs 7000/- still remains to be paid by the Mnlty Itself

3) It is stated that although a sum of Rs 4,563 has been provided for the purpose in the Current year's budget of the Mnlty, it is not possible for the Mnlty to appropriate the entire amount as lump sum the Closing balance would be a meagre one & the Mnlty has to fund funds for T D & W S works during the Current year

Flag Y 4) In view of these facts the Sakleshpur Town Mnl Council resolved on 3 11 41 to obtain Sanction of Govt to request the payment of Rs 7000/- in 7 annual instalments But the D C Hassan Dt recommends that a loan of Rs 7000/- repayable in 7 annual instalments

for adjustment of dues on account of the Water Supply Scheme

File No 6029/L & 6062/L of 1941

General and Revenue Secretariat

Serial No A

12) It is however seen from the Directors letter dy 8.4.42 that an enquiry was made of the Sanitary Engineer as to why the work was undertaken and executed in excess of the amount of the sanctioned estimate for Rs 41,126 only and why he was not intimated about it earlier The letters dy 5.1.42 and 26.1.42 of the Sandy Engr addressed to the Dy CP H on the subject appear to be silent in this matter

13) But it is stated that the revised estimate for Rs 47,908 ~~and~~ provides for the Construction of two public fountains yet to be Constructed. The estimate appears to have been sent back to the Dy Chairman for obtaining the Countersignature of the Mcl Council as also ~~to provide~~ for the payment of the balance of Rs 7,964 due by the Mcly (7954/-)

14) ~~As~~ the Cost is proposed to be met by Govt & the local Mcl Council in equal proportions the outlay so far booked against the Govt grant is Rs 20,322/- which is just within the Govt share of the Cost towards the estimate for Rs 41,126 If the revised estimate for Rs 47,908 is sanctioned, Govt would have to pay a sum of Rs 3391 over and above the balance of Rs 241 still available in the original Govt grant of Rs 23,954 - 20,563 = 3391

Govt grant Rs 20563
Exp to date Rs 20322
Balance Rs 241

6029/f, 6062/f Grant of loan to the Sakleshpur Town Municipal Council for adjustment of dues on account of Water Supply Scheme

From The Director of Public Health
No C 1385 dy 27 4 42
Forwards for sanction of Govt the revised estimate for Rs 47,908/- for the water supply scheme to Taklespan Town, the excess of Rs 6788/- over the previous estimate of Rs 41,120 being met by the Govt & the Municipality in equal proportions. In another connection the Minister for PP & H has been pleased to issue directions that the question of waiving the E T P charges in respect of this water supply scheme may be examined. The file has been referred to the H Dept for favourable orders in this proposal.

A

In case it is viewed favourably, the Municipality would get some relief. The E T P charges charged at 12½% come up to Rs 5823/- in the revised estimate. Perhaps orders on that file may be awaited, before approving the revised estimate now received.

2nd. Secondly the Municipality are reported to have paid only Rs 16000 towards their portion of the cost and according to the revised estimate it would have to pay an additional sum of Rs 7954/- more i.e.

Revised Estimate for the Water Supply for the Sakleshpur Town Mnl Cy

M File No 77 of 194 /

General and Revenue Secr tariat

Serial No

50) The revised estimate for Rs 47,908 has been scrutinized for Rs 48,040 by the Chief Engineer thus resulting in an excess of Rs 6914 over the sanctioned revised estimate for Rs 41,126/- This excess will have to be shared by Govt and the Sakleshpur Town Municipal Council in equal proportions, the Govt share of the Cost (amounting to Rs 3457/-) being met out of the Water Supply grant for the Current year

51) The Mnl Council has so far paid a sum of Rs 16,000/- towards their share of the Cost, which would now amount to Rs 24,020 leaving a balance of Rs 8020 yet to be adjusted In order to enable them to fully clear their quota of the Cost, the D.C recommends the grant of a loan of Rs 7000 - repayable in 7 equated annual instalments on the basis of the Work done till then to the extent of Rs 46,000/- As the estimate has now been scrutinized for Rs 48,040/- and the Municipal Quota of the ~~Excess~~ Cost has consequently increased, ~~a Sum~~ the Mnlty will not be in a position to clear the entire sum even if a loan of Rs 7000/- is granted now It would be necessary to grant a loan of Rs 8020/- instead of Rs 7000/- to the Mnl Council It appears

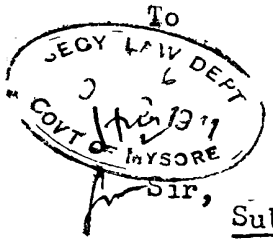
Office of the Deputy Commissioner,
Hassan District,

No Ml C 2997/40-41 Dated Hassan, the 6th December 1941

From

I Kamaiya, Esq , B A , (Hons)

Deputy Commissioner, Hassan District



To

H V Narayana Rao, Esq , B A , LL B ,
Secretary to Government, Law Department,
B a n g a l o r e

Sir,

Subject - Adjustment of dues towards the original water works by Saklespur Municipality

---

I have the honor to state that an estimate for Rs 38,887/- was prepared by the Sanitary Engineer for the water supply scheme to Saklespur Town and after some alterations, the same was sanctioned for Rs 41,126 in G O No L 7129-202/Ml 81-36-147 dated 31st March 1938, the cost being met by Government and the Municipality in equal proportions

The Sanitary Engineer, in his letter No 1326 dated 7th March 1941 has stated that the works were since completed and that there has been excess over the sanctioned estimate owing to the rise in the cost of machinery and the extra length of pipe line He accordingly sent a revised estimate for Rs 47908/- to the Municipal President for countersignature

According to the sanctioned estimate the Municipal Council had to pay a sum of Rs 20,563/- towards their quota and they have so far adjusted a sum of Rs 16,000/- out of Municipal Funds Necessary provision was made in the currert years' Municipal Budget to meet the balance of Rs4563

In his subsequent letter No 1559 dated 18th April 1941, Sanitary Engineer however again intimated that the actual outlay on the works came up to Rs 46,000/- and the Municipal share of the cost would be Rs 28,000/- The Municipality having already paid a sum of Rs 16,000/- towards their share of cost, the balance payable on this account was still Rs 7000/-

The Municipal Council have at their meeting held on 3rd November 41 resolved that the adjustment of this huge balance in one lumpsum would render the budget a deficit one and that the closing balance would be a minus one even if the provision of 4563/- made on this account is adjusted after meeting the necessary obligations and that sanction of Government may be obtained to adjust the dues in seven annual instalments

I may add in this connection that a grant of Rs 7,500/- has been sanctioned by Government out of water supply and Town Improvement funds during the current year for several other improvement works and the Municipality has to find a like sum for the execution of those works and the works cannot be undertaken unless the full amount is placed at the disposal of the Public Works Department as required by Rules

I am therefore of opinion, that Government may be pleased to make a loan of Rs 7,000/- to the Municipality so that the dues to Government may be adjusted in full and the Municipal Council asked to repay the same in seven annual instalments, necessary provision therefor being made in the budgets of each year commencing from next year

I request that early orders of Government may kindly be obtained in the matter

I have the honor to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Hassan District

Letter No 1559 dated the 18th April 1941 from the Sanitary Engineer in Mysore, Bangalore, to the Deputy Commissioner, Hassan District

---

Regarding the original water supply of Saklespur town

I have the honor to state that an estimate amounting to 41,126/- for the above work was sanctioned in Government Order dated 31st March 38, wherein it was ordered that the cost of the work had to be met by Govt , and the Municipality in equal proportions the Municipality have so far paid only a sum of Rs 16,000/- towards their share of the cost, and while actually executing the work, there has been an excess under distribution and on the purchase of machinery with the result that the actual outlay has come up to Rs 46,000/- While the Municipality was approached to countersign the revised estimate, they have countersigned it with a proviso "that the actuals in excess of the original sanctioned estimate amounting to Rs38,887/- may be recommended to be waived by Government" It is not possibl to submit this resolution of the Municipality to Government, and since the work has already been executed, there is a danger of the officers who executed the work being surcharged unless the Municipality agrees to meet at least its full quota of the revised estimate

As stated above, the actual cost of the works completed so far has been Rs 46,000/- and a sum of Rs 1,908/- is included in the revised estimate for a submain which the Municipality desires to have laid in the extension so that the amount of the revised estimate has been Rs47,908/- Bills to the extent of Rs4,000/- are outstanding payment for want of funds, and I request you to be kind enough to instruct the Municipal Council to counter sign the revised estimate and accept to meet at least its share of the cost in order to enable me to submit the same to Government for sanction

---

Regarding water supply to Saklespur town

I have the honor to state that an estimate amounting to R 38,887/- for the above work was prepared in this office and for arded to the Municipality for countersignature The Municipality while countersigning the estimate accepted to pay half of the amount as contribution This estimate was however sanctioned for R 41,126/- in Government Order No L 7129-202 Ml 81-36-147 dated 31st March 1938 - the cost of the estimate being ordered to be met by Govt and the municipality equal proportions The works connected with the above have since been completed, but owing to the rise in the cost of machinery and the extra length of pipe line required for the distribution system, there has been excess over the amount of sanctioned estimate and a revised estimate amounting to R 47,908/- based upon actual execution was forwarded to the Municipality in this office letter No 5957 dated 22nd April 1940 The same has been returned by the Municipal Council duly countersigned in the President's letter No C 55/40-41 dated 26th December 1940

So far as the finances are concerned, half the amount of the original estimate for R 20,563/- has been given as a Government grant while towards their share of the cost, the Municipality have paid only a sum of R16,000 The balance has not been paid so far inspite of references made from this office commencing with this office letter No 1684 dated 3rd November 39

While countersigning the revised estimate, the Municipality have added a proviso to the effect that the actuals in excess of the original estimate amounting to R 38,887/- may be recommended to be waived by Govt

According to the Government Order sanctioning the estimate for R41,126 one half of the amount of R 20,563/- is due to be paid by the Municipality but they have so far paid only R16,000/- as stated above

The works were completed nearly 2 years ago and work bills to the extent of R 4,000/- are pending payment for want of funds I therefore request you to be kind enough to obtain sanction of Government to the

to the encloses revised estimate with orders regarding providing the funds required for the same

=======

Memo No 1351 dated the 7th March 1941 from the Sanitary Engineer in Mysore, Bangalore, to the Deputy Commissioner, Hassan District

----

Copy of the above is forwarded with compliments to the Deputy Commissioner, Hassan District, Hassan for favour of kind information To complete one half of the estimate sanctioned for Rs 41,126/- the Municipality has to pay a sum of Rs 4,563/- and I request that the President of the Municipality may kindly be instructed to place this amount immediately at the disposal of this office

18 Deputy Commissioner's Memo No W L C 2097/41 stating that the waiving of tools and plants charges cannot be recommended and the balance due to original water works ₹ 456?/- should be adjusted without any further delay

Resolution -

The actual outlay as intimated by the Sanitary Engineer in his Memo No 1557 dated 18-4-1941 is ₹46,000/- A sum of ₹ 16,000/- has already been adjusted and the balance payable is only ₹ 7,000/- As the adjustment of the huge balance out of Municipal Funds would render the budget a deficit one and make the closing balance a minus one even if the amount provided in the sanctioned budget viz , ₹ 4563/- is adjusted The Deputy Commissioner may be requested to address Government to obtain sanction for the payment of ₹ 7,000/- in seven equal annual instalments

To

The Deputy Commissioner,
Hassan District

Sir,

With reference to your letter No Ml C 2997/40-41 dated 6th December 1941 recommending the grant of a loan of Rs 7,000 to the Saklespur Town Municipal Council to enable them to adjust their dues to Government on account of the water supply scheme at the place I am directed to request you to furnish information on the following points -

1 Whether sanction of Government was obtained to the revised final estimate of Rs 47,908 for the water supply scheme against the sanctioned revised estimate for Rs 41,126 only?

2 Otherwise, when is the final revised estimate expected to be submitted to Government?

3 What are the ways and means that the Municipal Council propose to initiate to liquidate the proposed loan if granted, especially when the closing balance of the Municipality for the year 1941-42 is a minus one?

I have the honour to be,

Sir,

Re Chikmagalur Town Water Supply

Adverting to Government Order No L 7199-202/41 81-36-147 dated 26th February/31st March/6-4-1938, sanctioning a revised estimate for Rs 41,126/-, I have the honour to state that the Sanitary Engineer with his letter of 7-3-1941 forwarded to this office, for obtaining sanction of Government, another revised estimate amounting to 47,908/- He was asked in this office No 696-6 dated 12th March 1941 to intimate why he undertook the work when the cost to be incurred was more than what was sanctioned by Government and why the information was not sent to this office earlier After reminders, the Sanitary Engineer sent his reply in his letter No 841 dated 3-10-41 stating that the work was executed long before he (Mr A S Hutcha Rao) took charge as Sanitary Engineer, etc On scrutiny it was found that the revised estimate of Rs 47,908/- sent by the Sanitary Engineer was countersigned by the Chikmagalur Municipal Council for Rs 46,000/- only The estimate was therefore forwarded to the Deputy Commissioner, Hassan with this office letter No C 696-11 dated 13th January 1942 for obtaining the countersignature of the Municipal Council for the full amount and for the payment of the balance of Rs 7,964/- due from the Municipality In the meanwhile, the Sanitary Engineer has been addressing this office requesting permission to pay the bills of Mr A A Sastri, Contractor for the work amounting to Rs 3,077-12-0 debiting the same to O B A pending adjustment out of the Municipal and Government funds which are likely to be placed at the disposal of the Bureau of Sanitary Engineering

7,954

The estimate has not yet been received from the Deputy Commissioner, Hassan and it will be submitted to Government as soon as it is received from that Officer

Copies of letters No 1006 and 1129 dated 5th and 26th January 1942 of the Sanitary Engineer in the matter are enclosed for the information of Government

I request instructions of Government in the matter of the payment of the outstanding bills of the Contractor Mr V I Sastri debiting the same to O B as requested by the Sanitary Engineer

I have the honour to be,
Sir,
Your most obedient servant,
Director of Public Health

Letter No 1006 dated 5th January 1942 from the Sanitary Engineer, Bangalore, to the Director of Public Health in Mysore, Bangalore

---

Regarding Sakleshpur Water Supply

In continuation of this office letter No 1326 dated 7th March 1941 submitting the revised estimate for the above and this office No 841 dated 3rd December 1941 explaining the circumstances under which the works connected with the original water supply scheme were undertaken etc , I have the honour to state that the Municipal Council of Sakleshpur have resolved in their meeting held on 3rd November 1941 that the balance amount due to be paid by the Municipality may be allowed to be credited by them in seven equal annual instalments, and a copy of their resolution is enclosed herein for your kind information

The amount of the estimate for the original water supply as sanctioned by Government in their order No L 7199-202/M1 81-36-147 dated 31st March 1938 is Rs 41,126/- and one half of the outlay is to be met by the Municipality, while the other half is given as Government grant. But the Municipality have so far paid only a contribution of Rs 16,000/- and the total outlay that has been so far booked against the above estimate is Rs 42,123-9-0

Mr P N Sastri, Engineer and Contractor, executed some of the works connected with the original water supply and his bills totalling to 3,077-10-0 are kept back for want of funds Including Establishment, Tools and Plant Charges at 10% on this, the total outlay still to be booked will be Rs 3,462-4-0, so that including this, the outlay on the work will be Rs 45,586-3-0

The materials at site account of the work is not yet closed and making necessary provision for adjustments likely to be made in this connection , a revised estimate amounting to Rs 46,000/- has been prepared and submitted for sanction with the letter referred to above

The Municipality have, as stated above, already placed a sum of Rs 16,000/- at the credit of this office, and they have now passed a resolution accepting to pay the balance amount of Rs 7,000/- so that including this, the total municipal contribution will be Rs 23,000/- or half of the amount of the estimate

The outlay so far booked against Government Grant is

Rs - 20,322-0-1 and a further grant of 2,678/- is required to make up one half of the revised estimate

I request that the revised estimate may be submitted to Government for sanction and also for providing the above sum of 2,678/- as grant to make up one half of the amount of the estimate

Since theabove contractor Mr P N Sastri has been repeatedly pressing for the payment of his bills for works which were completed nearly four years ago, I request your permission to pay his bills amounting to Rs 3,077-12-0 debiting the same to O B A pending adjustment out of the municipal and Government funds, which are likely to be placed at the disposal of his office

---

Letter No 1129 dated 26th January 1942 from the Sanitary Engineer, Bangalore, to the Director of Public Health in Mysore, Bangalore

---

Saklespur Water Supply

With reference to your Memo No C 696-12/40-41 dated 9th January 1942 forwarding copy of your letter to the Deputy Commissioner, Hassan District, and enquiring why the estimate was submitted when it was not countersigned for the full amount etc , I have the honour to state that the estimate amounting to Rs 47,908/- provides not only for all the works that have so far been executed but also for the construction of the two public fountains required by the municipality in the extension, but the estimate now countersigned by the President of the Municipality for Rs 46,000/- covers the cost of only the works that have so far been executed so that when the above countersignature Rs 46,000/- the further works will not be undertaken

In this office letter No 1006 dated the 5th January 1942 has been pointed out that the outlay so far booked and the bills are to be paid will be just covered by the amount of Rs 46,000/ hence if the estimate is countersigned for Rs 46,000/- and necessary funds are provided, the works as executed so far could be closed The estimate may, therefore, be kindly returned to this office for correction to Rs 46,000/- so that it could be submitted to Government for sanction to the latter amount

If, however, the estimate is returned by the Municipal

Municipality it countersignature for the full amount the same may be submitted to Government for sanction and the further works required by the Municipality will be arranged to be undertaken after the funds are placed at the credit of this office

Orders regarding the payment of the pending bills of Mr. V V Sastri recommended in this office letter No 1006 dated 5th January 1942 referred to above, are requested since the contractor has been pressing for the payment repeatedly

S i r,

Subject Grant of a loan of Rs 7,000/- to Saklespur Town Municipal Council towards the adjustment of dues on water works

Adverting to correspondence ending with your memo No L 12104-S dated 30-6-1942 on the above subject, I have the honour to state that the Municipal Council have resolved at their meeting held on 3-4-42 pointing out the ways and means of liquidating the loan proposed to be granted An extract of the resolution is herewith enclosed for favour of information

It may be seen from the report of the President and the resolution that there will not be much difficulty in adjusting a sum of Rs 1,000/ annually for a period of seven years as the provision of Rs 2,000/- that is now being made for the drainage x work will not be necessary in view of the Completion of the work during the current year

Though no provision for the repayment of the proposed loan has been made in the Budget for 42-43 submitted to Government for sanction, yet it may be included if sanction of Government has not yet been accorded to the same or ordered to be met out of the closing balance

I request you to kindly obtain orders of Government to

sanction

199/2

sanction the loan of Rs 7,000/- prayed for by the Council and the same adjus ed towards the Government dues

Letter No 97/41-42 dated 20-6-42 from the President, Town Municipal Council, Saklespur

---

With reference to your memo No C 2997-40, dated 18-2-42 calling for further information regarding grant of laon to Saklespur Town Municipal Council I have the honour to state that that the estimate for Rs 47,908/- for the original water works at Sakalespur which includes the sum of Rs 1,908/- being the amount of the revised estimate for a sub-main has been countersigned and submitted separately for obtaining orders of Government As regards the ways and means the Municipal Council proposes to liquidate the proposed loan of Rs 7,000/- if granted especially when the closing balance of the Municipality for the year 41-42 is a minus one, I beg to state that in the sanctioned budget for the year 41-42 provision has been made for adjusting a sum of Rs 4,563/- towards the arrears of water supply and a sum of Rs 4,000/- which was included in the draft budget under the Public Debt head being the amount of Government grants anticipated has been deleted and on account of these the budget became a minus one while actually the sum of Rs 4,563/- was not adjusted and Rs 3,964/- has actually been received as Government grant and credited to Municipal Funds during the year 41-42 In these circumstances, I beg to submit that the budget for 42-43 though as sanctioned was a deficit one, in actuality the Municipality is having sufficient funds at its credit As regards the loan of Rs 7000/- which the Municipal Council have proposed for sanction and the ways and means of liquidating the same I beg to enclose herewith an extract of the proceedings of the Municipal Council dated 3-4-42 vide Resolution No 1 and to state that the Municipality which is now contributing Rs 2000/- every year towards the drainage work will cease to do so in a couple of years when the drainage work whose estimated cost is Rs 19,500/- will be completed and the amount that was being spared hitherto and for which due provision was being made in the budget for each year will be available for paying off the loan In addition to this a sum of Rs 1000/ can be made available by reducing the expendi-

expenditure on original works for which the average allotment for the past three years is Rs 4,0 0/-

In these circumstances, I beg to submit that a loan of Rs 7,000/- may kindly be got sanctioned as already recommended in order to enable the Municipality to adjust its quota towards the arrears of original water works

Copy

for Deputy Commissioner,
Hassan District

Proceedings of the Municipal Council monthly adjourned meeting held on 3-4-42 at the Saklespur Municipal Office

---

Subject No 10 Government Secretary's letter No L 5933 dated 10th January 1942 calling for the opinion of the Council regarding the ways and means to liquidate the proposed loan of Rs 7,000/- if granted

Resolution The Municipality is annually contributing a sum of Rs 2000/- towards the drainage work In two years the work which is estimated to cost Rs 19,500/- will be completed and the amount which the Municipality was allotting for the past three years will be available for paying off the loan

Apart from this a sum of Rs 1000/- will be made available by reducing the expenditure on original works for which the average allotment for the past three years is Rs 4000/-

The sanctioned budget for the current year has become a deficit on account of a sum of Rs 4,583/- being shown under expenditure for paying off the arrears of original water supply works for which purpose only the loan under reference has been applied for

The anticipated government grant of Rs 4600/- towards the Town Improvement works has been deleted from the receipt side whereas a sum of Rs 3904/- has actually been received as grant

No L 2395/42-43

To Subject Scheme of Water Supply to the Sakleshpur town

Sir,

With refee to the Correspondence ending with your letter no MLC 2997/1941 dt 7-7-42 on the above subject. I am directed to state as follows

The revised estimate for Rs 47,908 for the work has been scrutinized for Rs 48,040 by the Chief Engr, thus resulting in an excess of Rs 6914 over and above the sanctioned revised estimate for Rs 41,126/- as This excess has to be met by the Govt and the local ML Council in equal proportions, the Govt share

WD 04161—GPB—60 000—24 10 41

of the excess Cost amounting to Rs 3457/-
being met out of the N S Grant-
for the current year

3) The municipal quota of the Cost
amounting to Rs 24,020/- toward
which the Mel Council has so far paid
a sum of Rs 16,000 only, leaving a balance
of Rs 8,020 yet to be adjusted
It appears therefore necessary for the
Mel Council to raise from Govt a loan of Rs 8020/-
instead of Rs 7,000 as was originally
recommended by you repayable in seven
~~equal annual instalments with the~~
~~usual rate of interest~~, if the entire
liability has to be discharged.

4) I am accordingly to enquire if the
Mel Council is willing to take a loan
of Rs 8020 carrying the usual rate
of interest and repayable in seven
equal annual instalments as of so
the proposal may be sent for the orders of Govt
duly authorised by the resolution of the Mel Council
with the information as may also be kindly furnished
to us Letter as of the
Works included in the estimate may not
be left off in case they are not yet taken up
And if so, what they would cost. The revised estimate
is returned herewith for kind attention of the Counter signature of

SCHEME OF WATER SUPPLY TO THE

Saklespur Town

Sir,

With reference to the correspondence ending with your letter No M1 C 2997/40-41, dated the 7th July 1942, on the above subject, I am directed to state as follows:-

1 The revised estimate for Rs 47,903/- for the work, has been scrutinised for Rs 48,040/- by the Chief Engineer, thus resulting in an excess of Rs 6,914/- over and above the sanctioned revised estimate for Rs 41,126/- only This excess has to be met by the Government and the local Municipal Council in equal proportions, the Government share of the excess cost amounting to Rs 3,457/- being met out of the Water Supply Grant for the current year

2 The Municipal quota of the cost amounts to Rs 24,020/-, towards which the Municipal Council has so far paid a sum of Rs Rs 16,000/- Only, leaving a balance of Rs 8,020/- yet to be adjusted It appears therefore necessary for the Municipal Council to raise from Government a loan of Rs 8,020/ instead of Rs 7,000/-, as recommended by you, if the entire liability has to be discharged

3 I am accordingly to enquire if the Municipal Council is willing to take a loan of Rs 8,020/- carrying the usual rate of interest and repayable in seven equal annual instalments and if so, the proposal may be submitted for the orders of the Government, duly supported by the resolution of the Municipal Council Information may also be kindly furnished as to whether any of the works included in the estimate may not be put off, in case they are not yet taken up, and if so, what they would cost? The revised estimate is returned herewith for kindly obtaining the counter signature of the President of the Municipality and retransmission

Subject Re the Revised Estimate for the ater Supply Scheme to Saklespur Town

--

With reference to your letter No L 2396/42-42/M1 77-41-43 dated 29-8-1942 returning therewith a revised estimate for Rs 48,040/- for the above scheme for countersignature by the President, Town Municipal Council, Saklespur, and its retransmission etc , and subsequent reminder No L 9422 dated the 19th March 1942, I have the honour to state as follows -

2) The President who was asked to return the estimate duly countersigned for Rs 48,040/- reported that as per Sanitary Engineer's letter No 1559 dated 18th April 1941, the scheme was executed at a cost of Rs 46,000/-, that there was no necessity for the revision of the estimate and the loan of Rs 7000/- applied for might kindly be sanctioned

3) From the perusal of the revised estimate prepared by the Sanitary Engineer, for Rs 47,908/- which is stated to have been scrutinised to Rs 4,80,40/- by the Chief Engineer, it is seen that there were errors in the arithmetical calculations against 3 items, and by correction the estimate for Rs 47,908/- has been revised to Rs 48,040/- and that no new or additional items of work enhanced the cost of the estimate But the Sanitary Engineer intimated in his letter No 2451, dated 18th April 1941, that owing to an excess under distribution and the purchase of machinery, the actual outlay came up to Rs 46,000/- and that a sum of Rs 1908/- has been included in the revised estimate for Rs 47,908/- for a submain He requested that the revised estimate might be got countersigned by the President

4) The Sanitary Engineer was thereupon requested in this office

office letter of even No dated 20th September 1942 to modify the estimate for Rs 40,000/- as per actual outlay and execution of the work His reply is awaited He has been again requested to expedite his reply On receipt of his reply, a further communication will be made

I have the honour to be,

Sir,

Your most obedient servant,

TGS/-

treated as immediate and a reply sent for want delay

I have etc

for Law Secy
